

I believe that the do not call laws are should not be weakened. If anything they should be made stronger. I have a 8 year old son who will occasionally answer the phone. He pretends to be the man of the house since I am a single mom. Telemarketers have actually sold things to my son. What a pain in the neck. Also my grandmother who is very old doesn't understand them when they call so she just says yes to make them go away. Again telemarketers are taking advantage of us. I have notice a difference with the do not call list. Please do not lessen the laws to threaten my or my grandmothers financial stability. Thanks
